

## EYFS Summer Term Newsletter

We hope that you had a fun-filled Easter holiday and are now ready for the last term of this academic year. We have been looking forward to welcoming you and your amazing little ones back into our school community this week as well as some better weather!

What a wonderful start to the new term. This week, we welcomed four new pupils to our Pre-School. All of our new starters have settled well, are making new friends and have been very busy learning. Our older pupils have once again helped to welcome our new children and have been excellent role models in terms of behaviour and our class routines.

This week we have been looking for signs of change and growth outdoors, enjoyed learning through play in our new Pizza Shop role play, created amazing structures, explored materials for artwork as well as reading all about Jack and the Beanstalk.

During the holidays, our new sink unit was built and is ready to be installed in our baking area. We are now excitedly waiting for the arrival of our cooker which is being kindly donated by Friends of the School so that we can begin to create wonderful creations to share. And who knows, we may see the beginnings of a future Great British Baker or Masterchef!

This term will also see the start of some changes to our outdoor space. We have taken on board all of the suggestions from the completed parental questionnaires and Miss Whitfield and Mrs Scott are currently working in partnership with Early Excellence to buy new resources and make the outdoors a more exciting, engaging and purposeful place to be, so watch this space!

The topics for the first half of this term will be Growth and Change. We will be watching lots of different plants and seeds grow and hopefully some butterflies too! The second half term we will be learning about Food and Farming. We will be exploring colours, sounds, textures, language, writing, feelings, movement, pattern, shapes and numbers through our play.

For our new starters, the first few weeks of this term will be spent getting to know your VIP's a little better and learning what interests them. Finding out what they know and what they want to know will help us to continually tailor our provision to help them to enjoy their time in Pre-School and achieve their full potential. For our returning children, we will continue to provide a varied curriculum to extend their learning from last term and look at their 'next steps' of learning.

Forest School sessions with our outdoor specialists Sarah, Veronica and Jack will continue this term, so please ensure that you provide clothes suitable for all weathers so that the children can explore the outdoor environment and how it changes.

We will do our best to protect your children's clothing when they are painting etc. but expect them to get dirty from time to time as they are learning through exploring!

We have a 'free-flow' snack time each session where the children can access a healthy snack and have a cup of milk or water. Should you choose to provide a water bottle, please ensure that it is clearly named. Please make us aware of any allergies your child may have.

We do ask that parents donate £1 a week so that we can vary the choices available at snack times. Donations can be made to our staff at the door or posted in the post box in our entrance space.

Should your child require any medication whilst in our care, forms are available in our main office and must be completed by a parent to ensure that the medication is given correctly and safely. Medication of any description must not be left in a child's school bag.

Our Pre-School Book Worms Reading Library continues to be very popular. The children choose a story from our class collection and take it home to share with a parent/carer. The children have a reading record (just like our children in 'Big School') where parents can make a record of their experiences.

Reception children will continue to bring home their reading book, as well as phonics practise and their word book to help practise blending together the sounds that they have been learning each week. Progress in EYFS can be rapid with support from home.

Reading Challenge - We would love to have some photographs of your children reading out of school to contribute to a "We Love Reading" display - maybe capture reading in the house, the car, at the shops...the more unusual the better! Photographs can be emailed to: [kingstreet@durhamlearning.net](mailto:kingstreet@durhamlearning.net). Please ensure you use the word 'Reading' as your subject.

Our cloakroom area gets really busy so it would be really helpful to encourage your child to become a little more independent at the start of the session. For example, finding their own name peg and attempting to take off their coat and hang it up. We would be grateful if our older children are encouraged to wave goodbye at the cloakroom door and come into class independently. Please note that prams and pushchairs should be left outside. We ask that Pre-School parents wait until all of our reception class are outside before coming to the door to collect their children at the end of the day.

To ensure the safety of our children, we need to be aware of who will be collecting your child if it's not their usual parent or carer. We know that emergencies do happen, but please let school know of any changes and provide a code word that staff can ask for before we allow your child to leave our building with another adult.

Please ensure that all items of clothing are clearly labelled. Children are still learning to get ready after Forest School, PE and playtime sessions and occasionally things do get muddled or misplaced. We would also be grateful if you could check clothing at home and if your child has brought home the wrong jumper or hat, we can return them to their correct owners. We do have a lost property box from last term with several items in it, so if you are missing an item or two, please feel free to check when you drop your child off in the morning. We are always in need of spare clothes if you have anything that your children have outgrown.

Finally, forming a good partnership between home and school is really important to us. We will be continually adding information and evidence on your child's development to their learning journals so please let us know of any proud moments that you have at home with your child and complete a form from our entrance space. Please remember that we are here for you and we want to help in any way we can. The early years of education are important as they lay the foundations for a lifetime of learning, so we want the experiences of school to be positive.

We really hope that your children are enjoying their time at King Street as much as we are enjoying welcoming those smiling faces each session!

Miss. Whitfield and the EYFS team
